DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see pages 4-6, filed 03/29/2010, with respect to claims 21 and 41-44 have been fully considered and are persuasive. The rejection of claims 21 and 41-44 has been withdrawn.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: The cited prior art of record considered as a whole (either alone or in combination) fail to teach or suggest:

A method of manufacturing an optical recording medium, wherein the optical recording medium includes: a main-information area in which a reflection layer is formed on a substrate where a row of pits is formed as main data, and in which information is to be reproduced by irradiating the reflection layer with a beam of light having a wavelength of approximately 405 nm; and a sub-information area in which medium identification information is to be recorded by irradiating the reflection layer with a high-power laser to form a plurality of barcode patterns extending in a radial direction, the medium identification information individually identifying the optical recording medium, wherein a row of pits is formed on the substrate in the sub-information area, wherein the sub-information area is concentrically located closer to a center of the optical recording medium than the main-information area, wherein the method of manufacturing the optical recording medium comprises: a step of setting a range of a track pitch of the row of pits in the main-information area; a step of setting a range of a

track pitch of the row of pits in the sub-information area; and a step of forming a track in the sub-information area and the main-information area, wherein the track pitch in the main-information area is at least 0.24 μm wide and at most 0.43 μm wide, and the track pitch in the sub-information area is at least 0.24 μm wide and at most 0.45 μm wide, and wherein the track pitch of the row of pits in the sub-information area is different from the track pitch of the row of pits in the main-information area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
